**INDEPENDENT AUDITORS' REPORT  
TO THE MEMBERS OF YUEN LONG DISTRICT CHRISTIAN CHURCHES UNION  
LIMITED**

**元朗區基督教聯會有限公司**

**(LIMITED BY GUARANTEE)**

*(Incorporated in Hong Kong with limited liability)*

We have audited the financial statements of Yuen Long District Christian Churches Union Limited ("the Company") set out on pages 6 to 17, which comprise the statement of financial position as at 30th September 2014, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

**Directors' Responsibility for the Financial Statements**

The directors are responsible for the preparation of financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit and to report our opinion solely to you, as a body and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## 3. PRINCIPAL ACCOUNTING POLICIES

### a) Basis of preparation of the accounts

The financial statements have been prepared under the historical cost convention and in accordance with generally accepted accounting principles in Hong Kong and with accounting standards issued by the Hong Kong Institute of Certified Public Accountants.

### 3. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

#### b) Revenue recognition

##### i) Donation and membership income

Donation and membership income is recognised on a receipt basis.

##### ii) Other revenue from programs, seminars and other activities

Other revenue from programs, seminars and other activities are recognised upon completion of services provided.

##### iii) Interest income

Interest income is recognised on a time appointment basis.

#### c) Retirement benefit costs

The Company operates a defined contribution retirement scheme. The assets of the scheme are held separately from those of the Company in an independently administered fund. Contributions are charged to the statement of comprehensive income as they become payable in accordance with the rules of the scheme.

#### d) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and any provisions for impairment losses required to reflect recoverable amounts. Cost represents the purchase price and any directly attributable costs of bringing the asset to working condition for its intended use. Subsequent expenditure is capitalised when it is probable that future economic benefits will flow to the enterprise. All other subsequent expenditure, such as repairs and maintenance and overhaul costs, is recognised as an expense in the period in which it is incurred.

Depreciation is calculated to write off the cost of items of property, plant and equipment over their estimated useful lives, on the straight line basis, at the following annual rate:-

Furniture and fixtures	25%
------------------------	-----

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the estimated net disposal proceeds and the carrying amount of the item and are recognised in the statement of comprehensive income on the date of retirement or disposal. Any related revaluation surplus is transferred from the revaluation reserve to general fund.

### 3. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

#### e) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are also included as a component of cash and cash equivalents for purpose of the statement of cash flows.

#### f) Trade and other receivables

Trade and other receivable are initially recognised at fair value and thereafter stated at amortised costs less impairment losses for bad and doubtful debts, except where the receivables are interest-free loans made to related parties without any fixed repayment terms or the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less impairment for bad and doubtful debts.

#### g) Trade and other payables

Trade and other payables are initially recognised at fair value and thereafter stated at amortised costs unless the effect of discounting would be immaterial, in which case they are stated at cost.

#### h) Impairment of other assets

Internal and external sources of information are reviewed at each end of the reporting period to identify indications that the following assets may be impaired or, except in the case of goodwill, an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment

If any such indication exists, the asset's recoverable amount is estimated.

- Calculation of recoverable amount

The recoverable amount of an asset is the greater of its net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).

### 3. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

#### h) Impairment of other assets (cont'd)

- Recognition of impairment losses

An impairment loss is recognised in the statement of comprehensive income whenever the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (or group of units) and then, to reduce the carrying amount of the other assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs to sell, or value in use, if determinable.

- Reversals of impairment losses

In respect of assets other than goodwill, an impairment loss is reversed if there has been a favorable change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not reversed.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to the statement of comprehensive income in the year in which the reversals are recognised.

### 4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities expose it to a variety of financial risks: market risk (including foreign currency risk, interest rate risk and price risk), credit risk and liquidity risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

Management regularly manages the financial risks of the Company. Because of the simplicity of the financial structure and the current operations of the Company, no hedging activities are undertaken by management.

#### a) Financial risk factors

- i) Foreign currency risk

The Company has no significant exposure to foreign currency risk as most of its business transactions, assets and liabilities are principally denominated in Hong Kong dollars.

- ii) Interest rate risk

As the Company has no significant interest-bearing assets and liabilities, the Company's income and operating cash flows are substantially independent of changes in market interest rates.

#### 4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

##### a) Financial risk factors (cont'd)

##### iii) Price risk

The Company is not exposed to equity securities price risk and commodity price risk.

##### iv) Credit risk

The Company has no significant concentrations of credit risk.

##### v) Liquidity risk

The Company's policy is to regularly monitor current and expected liquidity requirement to ensure that it maintains sufficient reserves of cash and adequate committed lines of funds from bank to meet its liquidity requirements in the short and longer terms.

##### b) Fair value estimation

The carrying amounts of the Company's financial assets and financial liabilities as reflected in the statement of financial position approximate their respective fair values.

#### 5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

##### a) Depreciation of property, plant and equipment

Property, plant and equipment are depreciated on a straight-line basis over their estimated useful lives and the estimated residual values, if any. The Company reviews the estimated useful lives and the estimated residual values, if any, of the assets regularly in order to determine the amount of depreciation expenses to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and taking into account anticipated technological changes. The depreciation expense for future periods is adjusted if there are significant changes from previous estimates.

##### b) Impairment of assets

The Company conducts impairment reviews of assets whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable or tests for impairment annually in accordance with the relevant accounting standards. Determining whether an asset is impaired requires an estimation of the value in use, which requires the Company to estimate the future cash flows and a suitable discount rate in order to calculate the present value. Where the actual future cash flows are less than expected, a material impairment loss may arise.

6. **REVENUE**

Revenue represents donations and membership received during the year.

7. **OTHER REVENUE**

	<u>2014</u>	<u>2013</u>
Bank interest income	3	2
Other revenue from programs, seminars and other activities	<u>192,527</u>	<u>273,385</u>
	<u>192,530</u>	<u>273,387</u>

8. **SURPLUS/(DEFICIT) FOR THE YEAR**
